17.68.030 Signs Requiring a Permit. A sign permit shall be required for all signs exceeding six square feet in area (see table 17.68.130.A and C), unless otherwise exempted by subsection 17.68.040, below. A permit is required when the sign face is changed, such as changes in name or ownership. In addition, a sign permit shall be required at any time the area of a permitted sign is increased, provided that the increase is allowable within the zone district in which the sign is located. This subsection shall not be interpreted so as to grant permission for prohibited signs with sign areas less than six square feet.
