1. The use will not be adverse to the public health, safety or welfare.

2. The use is not inconsistent with the City's Master Plan.

3. Streets, pedestrian facilities, water, sewer and other public improvements in the area are adequate.

A. The Planning Commission may approve a variance from the provisions of this Chapter other than the uses specified for any District or restrictions on the location of factory built housing only if it determines following review pursuant to

Section 17.04.290 that the following criteria are substantially met:

1. The variance will not adversely affect the public health, safety and welfare.

2. Unusual physical circumstances exist, such as unusual lot size or shape, topography, or other physical conditions peculiar to the affected property which make it unfeasible to develop or use the property in conformity with the provisions of this Chapter in question.

iii. Conditions in the area affected or adjacent areas have change materially since the area was last zoned.

2. Rezoning may be requested or initiated by the City Manager, the Planning Commission, or the owner of any legal or equitable interest in the property or the owner's representative. The rezoning shall be reviewed for compliance with the criteria of this Subsection in accordance with the review procedure of Section 17.04.290. The area considered for rezoning may be enlarged by the Planning Commission on its own motion over the area requested in the application with proper notice. The applicant shall provide an adequate legal description of the proposed zoning.

B. Zoning of additions:

1. The Planning Commission shall recommend to the Council a use designation for all property annexed to the City not previously subject to City zoning, and shall follow the review procedure set out in Section 17.04.290 in arriving at its recommendation. Proceedings concerning the zoning of property to be annexed may be commenced at any time prior to the effective date of the annexation ordinance or thereafter.

2. The zoning designation for newly annexed property shall not adversely affect the public health, safety and welfare.

C. Legislative zoning: Comprehensive review and re-enactment of all or a significant portion of the Zoning Map shall be a legislative action, and shall not be subject to the review procedure of Section 17.04.290 or any criteria set out in this Section.

D. No amendment, addition to or re-enactment of the Zoning Map shall become effective until enacted by ordinance approved by at least three Councilmembers.

E. Amendments to these regulations shall be made by an ordinance. (Ord. 4, §1, 1999)

17.04.280 Nonconforming uses.

A. Any use, building, structure or premises which was lawfully existing and maintained in accordance with the previously applicable County or City regulations and ordinances

but which does not conform or comply with all of the regulations provided in this Chapter may continue to be maintained and used as a lawful nonconforming use only in compliance with the provisions and limitations imposed by this Section. Uses, structures, buildings or premises which were unlawful or illegal and not in compliance with previously applicable regulations shall remain unlawful, illegal and subject to abatement or other enforcement action.

B. If a use, building, structure or premises is lawfully nonconforming in that it is not a use by right or an approved conditional use which has been approved pursuant to the review procedures of Sections 17.04.250 and 17.04.290, the following shall apply:

1. If the building or structure involved in the use is destroyed or damaged, the lawful nonconforming uses of the structure may be re-established if reconstruction is commenced within six (6) months, completed with due diligence and occupied after completion thereafter. This shall not allow replacement with a nonconforming mobile home or factory built housing.

2. If the nonconforming use is abandoned or discontinued for a period of six (6) months, then the premises may only be used in compliance with the use regulations for the district within which it is located.

3. The use may be continued only substantially as it existed at the time it became lawfully nonconforming and no material change in the type of use shall be allowed, unless the Planning Commission determines, following the review procedure provided in Section 17.04.290, that the criteria set out in Section 17.04.250 will be met, and that the new use is a more restrictive use than the existing nonconforming use. Any change in use allowed pursuant to this provision shall not affect the future status of the use as a nonconforming use for all purposes of this Section.

4. The extent or area of the premises utilized for or by the nonconforming use, building or structure may not be materially extended or enlarged, or substantially structurally altered, unless the Planning Commission determines, following the review procedure of Section 17.04.290, that the criteria set out in Section 17.04.250 will be met.

5. Notwithstanding the foregoing paragraphs (1) through (4), if a lawfully existing factory-built or site-built residence located in the I-1 or I-2 District is determined by the City to be unsafe, pursuant to City Building Codes or Regulations, or substantially substandard with respect to current provisions of the Building, Plumbing, Mechanical, Fire, and Electrical Codes, it may, if removed from the premises, be

replaced by a site-built or factory-built house which is permanently attached to a permanent foundation which has brick, wood, masonry, stucco or cosmetically equivalent exterior surfaces, and which has a minimum length and width of 20 feet each and a minimum eave overhang of 12 inches.

C. If the use, building, structure or premises is in compliance with the use regulations for the district within which it is located and is nonconforming only with respect to other requirements of this Chapter, such as dimensional requirements, parking requirements, or the regulations governing fences, hedges, walls, canopies, or standards or prohibitions for factory built housing, the following will apply:

1. If the nonconformity of the building, use, or structure is abandoned, removed or corrected, such nonconformity may not be re-established.

2. If the building or structure is damaged so that the cost of replacing or restoring it is greater than fifty percent (50%) of its fair market value after replacement, the building or structure may be repaired or replaced only in compliance with this Chapter.

3. If the building or structure is damaged in such a way as to remove the nonconformity, the nonconforming feature may not be re-established by any repair or reconstruction, unless it is not feasible to repair the building or structure without re-establishing the nonconforming feature.

4. No alteration may be made to the use, building, or structure which would increase the amount or degree of the nonconforming feature.

5. If the lot size is lawfully nonconforming in the A-1, RR, R-1, or R-1A zones, a single family residence may be located upon the lot without a variance to lot area so long as the minimum lot area per unit is met.

6. Homes within a lawful nonconforming mobile home park may be replaced by homes which meet requirements for mobile homes located in the MHR District, without regard to performance standards for siding, permanent foundations, length, width, or eaves which may be otherwise applicable in the zone in question.

D. This Section shall not apply to signs. Nonconforming signs shall be governed by the provisions of Chapter 17.68. (Ord. 4, §1, 1999; Ord. 9, §14 & 15, 2004)

17.04.290 Review procedure.

A. All requests for approval of a conditional use, variance, a change in a non-conforming use, or changes to the Zoning Map (rezoning) or other action which is required to be

reviewed pursuant to this Section by these regulations or other City ordinances, shall be reviewed by the Planning Commission.

B. The applicant requesting approval of a conditional use, variance, change in a non-conforming use, rezoning or other action shall submit an application upon forms supplied by the City accompanied by any other required information, including a survey when necessary for consideration of the application. A single application may contain a request for more than one action. Application fees shall be set by the City Council as deemed appropriate. No formal application need be submitted or fee paid for an amendment to the Zoning Map initiated by the City Manager, City Council or Planning Commission.

C. A hearing shall be set before the Planning Commission not sooner than fourteen days nor more than fifty days after receipt by the City of a properly completed application form and all required fees and other required information.

D. Notice of the hearing shall be given as follows:

1. The applicant shall be advised of the date set for the hearing and shall be responsible to post a sign or signs supplied by the City upon the property affected, easily legible from abutting streets, which briefly describes the requested action and the time and location of the hearing. Such sign shall be maintained continuously for at least seven (7) days before the hearing and until final action is taken by the Planning Commission.

2. The applicant shall also cause a notice to be published in a legal newspaper at least seven (7) days prior to the hearing, which describes the action or actions requested and the property affected. The property shall be described by street address, or relationship to a street, other property with an address, or other landmarks, and not solely by a legal description.

3. The applicant shall either hand deliver or deposit in the U.S. Mail at least seven (7) days prior to the hearing a copy of the above notice addressed to the owner of record of any property inside the Delta City limits located within one hundred feet plus the width of any intervening public right-of-way of the property affected.

E. At the hearing scheduled, the applicant and other interested parties may appear and present such evidence or testimony as they may desire. Anyone presenting evidence or testimony shall be subject to cross-examination by other interested parties, although the Planning Commission may limit

testimony, evidence, and cross-examination which is merely cumulative. The Planning Commission shall not be required to follow any set procedure during the hearing, nor to strictly follow the rules of evidence as applied by the courts. The chairman of the Planning Commission shall make all rulings on admissibility of testimony or evidence. The hearing shall be tape recorded or otherwise recorded. The applicant or other interested party may, if he desires, have the hearing recorded by a court reporter at his expense. The hearing may be continued from time to time as necessary. The City Manager or designees may appear as a party at the hearing. The burden is upon the applicant in all cases to establish that all applicable criteria for any action are met, including proper notice.

F. The Planning Commission shall announce its decision within thirty-two (32) days of the completion of the hearing. It shall not be necessary for the Planning Commission to provide written findings or conclusions, except upon request of the applicant or other party appearing or participating in the hearing.

G. The Planning Commission may approve the requested action only upon finding that all applicable criteria and requirements of these regulations or other City ordinances have been met. If it determines that such criteria have not been met, the application shall be denied. The application may be granted upon conditions or limitations which the Planning Commission determines are necessary in order to insure that the applicable criteria are met. Such conditions or limitations shall be provided to the applicant and interested parties in writing as part of the decision.

H. 1. The Planning Commission's decision with respect to requests for changes to the Zoning Map shall be submitted to the City Council as a recommendation. The Council may without further review implement such recommended change by adoption of a rezoning ordinance or take no action if no change is recommended, unless an appeal is filed as set out below, or it may decide in its discretion to hear the matter *de novo* as set out in Subsection (3) below.

2. The Planning Commission's decision with respect to other applications shall be final unless an appeal is filed as set out below.

3. An appeal of any decision of the Planning Commission may be filed with the City Clerk within 5 days of the date of its decision by the City Manager, the applicant or any interested person appearing at the hearing. The Council shall

thereafter decide the matter *de novo* by holding a new hearing substantially in conformity with the procedures of this section, or by review of the tape-recording or transcript and record of the hearing before the Planning Commission, as Council determines in its discretion.

I. Upon the filing of an appeal or request for review in the courts, the City shall cause a transcript of the tape recording of the hearing to be made and certified to the court, and the party filing such appeal or such review shall pay the City the reasonable cost incurred in producing such transcript, unless such party has a transcript produced by a court reporter at such party's expense. (Ord. 4, §1, 1999)

17.04.300 Enforcement and administration.

A. The City Manager shall be responsible for the interpretation, administration and enforcement of the provisions of the Chapter, as amended, the Official Zoning Map, as amended, and of any decisions entered by the Planning Commission or the City Council pursuant to the Chapter.

B. No building permit, occupancy permit, or other permit or license shall be issued, nor shall any action be taken or allowed by the City which is not in compliance with the provisions of these zoning regulations, and any decision issued by the Planning Commission or City Council pursuant to this Chapter.

C. Whenever convenient to make an inspection to enforce any of the provisions of these zoning regulations, or any provision of a decision entered by the Planning Commission or the City Council pursuant to this Chapter, or whenever there is reasonable cause to believe that a violation of any provision of these zoning regulations, or any decision issued by the Planning Commission or City Council pursuant to this Chapter, exists, the City Manager or an authorized representative shall have the right to enter upon such building or premises at all reasonable times for purposes of inspection or to perform any other duty imposed by this Chapter. Prior to entry they shall identify themselves and request permission to enter from the occupant or person in charge of the premises if they can be found by reasonable efforts. If entry is refused, the City Manager or an authorized representative shall have recourse to any remedy provided by law to secure entry.

D. The City may maintain an action in a court of competent jurisdiction to enjoin any violation of these zoning

regulations or of any decision entered by the Planning Commission or City Council pursuant to this Chapter.

E. It shall be unlawful to violate any of the provisions of these zoning regulations, or the terms of any decision entered by the City Council or Planning Commission pursuant to this Chapter. Any person convicted of such a violation may be punished by a fine of up to \$1,000, or a jail sentence of up to one year, or by both such fine and imprisonment; provided, however, that no person under the age of eighteen (18) years shall be subject to any term of imprisonment in excess of 10 days. Each day an offense continues shall be deemed a separate offense.

F. Violations of this Chapter are hereby declared to be a nuisance which may be abated by the City in any lawful manner. (Ord. 4, §1, 1999)
